Dear Mr. Novotney:

Spokane County Air Pollution Control Authority has completed its review of your paved road Emission Control and Reduction Plan. SCAPCA has determined that the cumulative effect of all plans submitted will achieve at least a 70% reduction in emissions as required by Regulation 1, Section 6.14. Having received no comment to the contrary from the Department of Ecology, your plan is approved as submitted.

Thank you for your cooperation in this matter. Please let me know if you need to modify your plan.

Sincerely,

Ronald J. Edgar  
Chief of Technical Services
